

## **Intern for EU energy market design work**

### **Brussels**

Starting August or September 2018  
For six months, potentially extendable

**The European Federation of Energy Traders (EFET)** promotes competition, transparency and open access in the European energy sector. We build trust in power and gas markets across Europe, so that they underpin a sustainable and secure energy supply and a competitive economy. We currently represent more than 100 energy trading companies active in over 27 European countries. For more information: [www.efet.org](http://www.efet.org).

**We are looking for an intern to join the small team of professionals in our Brussels office. He or she will mainly support our analytical and advocacy work relating to implementation of EU electricity market guidelines and associated EU network codes. There will be opportunities also to engage in EFET work on energy markets and energy policy more generally across the regions and countries of Europe.**

#### **Requirements:**

- Bachelor and/or Master degree in engineering, electrical engineering or economics, or possibly in another academic discipline which endows numeracy skills and an understanding of physics
- Spoken English at native or close to native level
- Proven communication skills and excellent writing skills in English
- Good networking ability
- Flexible, well organised and able to prioritise multiple tasks
- Motivated and able to take initiative and responsibility

#### **Also useful:**

- Knowledge of another major European language
- Good understanding of micro and macro economics
- Ability to perform statistical analysis and economic modelling
- Studies concerning, or some experience in, the energy sector
- Experience of commodities trading
- Understanding of the function of power transmission networks

#### **What we offer:**

- Experience of analytical and advocacy work within a high-profile energy sector European organisation in Brussels

- Access to Brussels institutional circles bringing opportunities to enlarge your network
- Learning how wholesale electricity and gas markets are organised across Europe

Living costs and some other expenditure will be covered; accommodation can be provided upon request.

*If you think you fit this profile, please send your CV and a brief cover letter describing your interest and eligibility for the internship to Jérôme Le Page at:*  
[j.lepage@efet.org](mailto:j.lepage@efet.org)

*Only relevant candidates will be contacted for an interview.*
